

# SAVE A BUNDLE ON SUBSCRIBER GROWTH

**The new Tsunami MP.11 Model 5054-R.**

**More services. More flexibility. And a great deal.**

Proxim's Tsunami Model MP.11 family introduces an impressive new solution to help make Internet Service Providers more competitive and profitable. The new ruggedized design and roaming capabilities open lucrative new mobile markets for WiMAX applications like public safety, security and surveillance, last mile access, and metro networking. Patented WOPR technology and Dynamic Data Rate Selection automatically optimize transmission and reception and expand area coverage, while enhancing subscriber performance. Software features allow tiered service plans for your subscribers. It's everything you need to grow your business and profits.

**Act now. Save 30%.**

Get your WISP Starter Kit Bundle featuring the new Tsunami MP.11 Model 5054-R at a deep discount. To learn more about this special offer (and upcoming WISP events), visit [www.proxim.com/saveabundle](http://www.proxim.com/saveabundle).
